- 1/4" square-drive with ball detent functions with sockets, bit sockets and extensions that technicians use most
- Robust motor with up to 44 in-lb (5 N·m) of powered torque drives and removes a wide range of fasteners
- Spindle-lock allows for manual torque to be applied up to 248 in-lb (28 N·m) in both tightening and breakaway applications
- Variable-speed trigger with soft-start allows for controlled, precise application and removal of fasteners up to 300 RPM
- Electronic forward/reverse controls allow for convenient one-handed use
- Energy-dense, 4 Ah, integrated battery drives over 600 fasteners per charge; work all day without down time
- Ergonomically optimized, In-line grip for balanced comfort and control
- Similar in size to a ratcheting screwdriver, tool is perfect for use in overhead applications
- Integrated LED light illuminates the work area in dark spaces
- Conveniently charges via an IP67-rated USB-C port
- Snap-on® USB-C power supply (CTNNUSBC35) charges the tools in under two hours
