- 1/4" square-drive with ball detent functions with sockets, bit sockets and extensions that technicians use most
- Robust motor with up to 44 in-lb (5 N·m) of powered torque drives and removes a wide range of fasteners
- Unique, patent-pending, slip clutch allows manual torque to be applied up to 100 in-lb (11 N·m) in both tightening and breakaway applications
- Variable-speed trigger with soft-start allows for controlled, precise application and removal of fasteners up to 300 RPM
- Electronic forward/reverse controls for convenient one-handed use
- Energy-dense, 4 Ah integrated battery drives more than 600 fasteners per charge; work all day without down time
- Ergonomically optimized in-line grip for balanced comfort and control
- Tool has a max width of 2-1/2", providing access to the most difficult-to-reach areas
- Integrated LED light illuminates the work area in dark spaces
- Conveniently charges via an IP67-rated USB-C port
- Snap-on® USB-C power supply (CTNNUSBC35) charges the tools in under two hours
