- Includes (1) 3-jaw yoke, (1) 2-jaw yoke, (3) 5-1/2" jaws, (3) 8-3/4" jaws, (1) 3/4-16 x 12-1/8" pressure screw, (1) lock plate, (1) spring, (1) adjusting nut and (1) replacement point in a storage case with PRO-FI™ organizer
- Easy to use: Spring loaded locking mechanism allows the puller jaws to easily lock onto work surface for both “inside” and “outside” pulling applications, preventing the puller from slipping off the application—two-handed operation without the use of tools
- Interchangeability: Reversible jaw design, two-position yokes that accommodate multiple jaw lengths, spring loaded mechanism allows quick changeover without the disassembly of the puller and without the need of nuts and bolts resulting in faster set-ups and fewer man-hours
- Strength and durability: One-piece jaw construction that does not use pins or bolts, provides a stronger, safer jaw; power pressure screws are roll threaded and heat-treated for strength and durability; forged jaws and yokes are heat-treated for maximum strength and durability
- Gesmede trekkers en jukken zijn hittebehandeld voor maximale sterkte en duurzaamheid
- Wordt geleverd in een koffer met rood opbergschuim voor een veilige, overzichtelijke en verliesvrije opslag van de onderdelen
